

# Finance in Dorset 2017

## Funding options for entrepreneurs

2 March 2017

## Introduction

---

We are delighted to invite you to the inaugural Finance in Dorset event organised by PKF Francis Clark. This seminar features presentations from sources of grant, debt and equity funding, as well as business support agencies operating in the region. The presentations will be short and sharp, giving the delegate a basis for an assessment of which funding stream/funder matches their requirements.

As part of the event we are running targeted sessions depending on your business needs - aimed at start-ups/businesses who have been trading for less than two years and those that have been trading for more than two years.

There are also opportunities during the event to speak to presenters 'one to one', to follow up issues raised or to make an introduction for a follow up meeting.

Places are limited, please book early to reserve your place.
